Customer concern

Type	Description	Qty / hrs	Unit price	Line total

Type: L = labor, P = part, F = fee. Line total = qty x unit price.

Notes

Labor subtotal	
Parts subtotal	
Fees	
Tax	
Total	

Customer authorization: I approve the work above. Signature

Date

Estimate only. Final price may change if more work is found; we will ask before doing anything not listed.

Check your state's rules: some states require written estimates, customer authorization or specific wording on repair documents. This template is a starting point, not legal advice.
